

Please leave the Wisconsin No Call List law alone. Do not weaken it. Before Wisconsin's No Call List I was receiving an average of 5 calls a day, some days it was double that. We were screening all our calls and not answering any we did not know. Since the Wisconsin law went into effect we have enjoyed relative silence, except for all the so-called charities.

So please do not allow the businesses to start the harassing phone calls again. It is very annoying to have all those calls that I do not want to receive. If I want to buy a product or service then I will contact the company selling it. I do not want to hear from them!!

Thank you. Mrs. A Spurgeon
